

GOVERNMENT HOUSE,
MOUNT LANGTON.

16/6/74

My dear Professor Gray

I have found a speci-
-men of our unnamed ne-
-brodium unduly the
sori have run together. Their
original form is thus. The

club shape very marked
sori simply forked
Let me ask if you re-
cognize this wood? In great
haste

haste faithfully yours

G. H. Henry

We all agreed that we
never enjoyed so delightful
a day.
